

8 June 2026

Dear Parent or Carer,

As the Summer 2026 Exam Series is upon us (our first **whole-school** exam is on Monday 11.5.2026) I will be writing to you weekly in order to keep you informed of key year 11 actions we are taking to support your child.

Over the last few weeks, we have consistently emphasised the importance of students engaging with activities additional to their lessons so that they can approach their summer exams with confidence for success. Here is a brief outline of what we expect students to be doing:

- maintaining a high attendance to school
- engaging with their in school/after school intervention (for those who are identified as needing it)
- attending lesson 6 which is open to all year 11 students
- revising via SPARX for Maths and Science and completing their weekly assignment, **due in at 8am every Wednesday**
- revising at home, using the recommended subject rotation and materials, available on our Liberty Academy website, under Curriculum, Supporting Learning at Home, Year 11 Home/Tutor Revision Resources.

In other news, this week, we have some key events coming up for our year 11 students:

- On **Tuesday 9/6/2026** we will offer free pizza to any student who stays behind for SPARX Club in the Maths department during lesson 6.
- From **Friday 8/5/2026** the year 11 timetable will collapse into a hybrid and students will require their Exam Booklets which indicate where their masterclasses are held. **Please be advised that we do not offer study leave during the exam season. If students are to leave the Academy, a parent/guardian (with parental responsibility) needs to come into school to sign them out.**

Recently, we shared the following information regarding year 11 rewards with the students. I would like to share it with you as well.

Prom (3/7/26)

Payments for those eligible have now gone live on Parent Mail. If there are any queries, please contact Student Services for support. More information about the logistics on the day will be shared with parents in due course.

Principal:
Louise Beasley

In terms of the final steps around year 11 students leaving the Academy after the final exam, more information will follow in the week.

Finally, I would like to take this opportunity to thank you for all your support so far this year. I will be writing to you weekly to flag up some key events or priorities which pertain to our year 11 students. In the meantime, please continue to support your child by ensuring regular revision and attendance to school. National exam performance data reflects the importance of attendance and revision which are key drivers to successful exam performance.

Any issues, please do not hesitate to contact me on k.hill@lib.hlt.academy – thank you.

Yours sincerely,

Mrs K Hill

Vice Principal for Quality of Education
